Treatment of Our Employees

Kangai Technologies employees always strive to please customers and often go to extra lengths to ensure customers are fully satisfied with the service. We expect that our customers will accord the same courtesy and respect to all our employees they may engage with via email, over the phone or in person. Our employees mean a lot to us and without them, we will not be able to provide the level of service we offer our customers. So, while we will be patient with customers, we will not tolerate any written, verbal or physical abuse to our employees by anyone.

Any breach of this by a customer may result in our refusal to fulfill the customer's order. In such an instance, if the items in the customer's order have already been picked and paid for, we may decide not to deliver to the customer's location and instead require the customer to pick up the order at a location of our choosing. If, however, the items have not been purchased, we may process a refund after deducting relevant bank, transactional and operational charges and costs Kangai Technologies may have incurred. Kangai Technologies reserves the right to report any incidence of abuse to the appropriate law enforcement authorities.
